

# Voluntary Disaster Registration

www.networkofhope.net | info@networkofhope.net

Do you know whether you are eligible for the County's Special Needs Shelter? The Special Needs Shelter is for those who need more care than general population shelters can provide, but less care than hospitals and nursing homes provide. For example: If you need electricity for oxygen, you need to be in a Special Needs Shelter rather than a general shelter. NOTE: YOU DO NOT HAVE TO GO TO THE SPECIAL NEEDS SHELTER BECAUSE YOU HAVE REGISTERED. IT IS YOUR CHOICE. REGISTERING MEANS THAT POSSIBILITY IS OPEN TO YOU IF YOU DECIDE YOU NEED IT.

Do you think you are eligible (have needs that warrant registration)? \_\_\_\_\_

Have you registered with the county for the Special Needs Shelter? \_\_\_\_\_

(Special Needs Registration Form is available from the church office)

Would you like to be connected to a church family with whom you can stay?

Do you have any pets? What are your plans for them? Many shelters (and homes) will not accept pets. \_\_\_\_\_

Further information if you are registered with the (church name) Disaster Response Program:

- If you are out of town when a hurricane threatens, notify us so we do not search for you.
- Be prepared with your DISASTER SUPPLY KITS whether you evacuate or stay in your home.
- Evacuate early. Do not wait until the last minute. Use the HURRICANE EVACUATION CHECKLIST
- If you need help with any of this or have questions PLEASE contact: (church or person)
